Together We're Building
A FLOURISHING WORLD
where...

Women Are Empowered
We believe that investing in a woman's economic empowerment impacts an entire community. We partner with Artisan Businesses to create opportunities for women who are vulnerable, empowering them to earn a sustainable income and become leaders in their communities.

Children are Cherished
We create dignified jobs that empower families to care for their children, ensuring that children are not orphaned or abandoned because of poverty. We work with our local partners to ensure that Artisans receive fair wages that enable them to send their children to school. We also donate 10% of sales at Adoption Trunk Shows to families who are in the process of adopting a child.

People Have Jobs
We believe that dignified work changes lives and allows people to flourish. We empower Artisan Entrepreneurs to impact their communities by creating sustainable jobs. Here in the US, we have also empowered over 2,000 women to launch their own flexible businesses as Noonday Ambassadors.

We are Connected
We believe that we are better together—and that we are more alike than different. At Trunk Shows, Noonday Ambassadors share stories that create connections between women in their communities and women around the world. Ambassadors can even earn trips to connect with our Artisan Partners in their communities across the globe.
